Dog Registry Requirements Expand

All ID cardholders who are owners of Pit Bull Terriers, American Stafford Terriers and Bull Terriers, living on or off post, must register their dog(s) with the U.S. veterinarian servicing their military community in order to comply with German law. These breeds must be on a leash and muzzled when in public.

For purposes of registration the owner may choose to have the dog receive a microchip implant or a tattoo by the U.S. Veterinary Treatment Facility. Positive identification must be possible at the time of registration and German authorities prefer a tattoo. A police official must verify the identity of the dog at the Veterinary Treatment Facility, Panzer Kaserne by checking the tattoo or microchip number and photographing the animal.

Then, if the owner chooses, a temperament test will be performed to determine if the dog can be freed of the muzzle. These tests will start at the end of September or early October. For info call 431-2681/civ. 07031-15-681.
